

Dear Theater Patron,

On Monday, August 26th, we upgraded our POS (Point of Sale) software. The new software discovered a credit card batch that had not yet been sent to our credit card processing company. In turn, you were never billed. That batch dated back to March 2nd, 2012. You have probably recently received your statement depicting this transaction. It is important to note that this is the first and only time that you have been billed for that certain credit card transaction. We are local owner and operators of the Reel Deal Theater and we sincerely apologize for the delayed billing to your credit card. Please do not hesitate to contact me.
